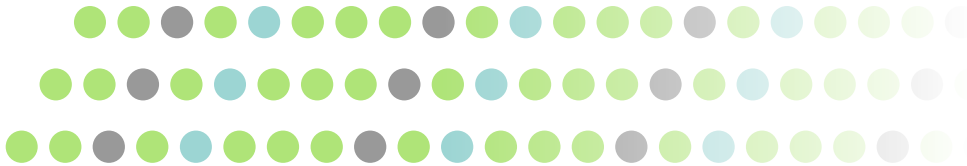
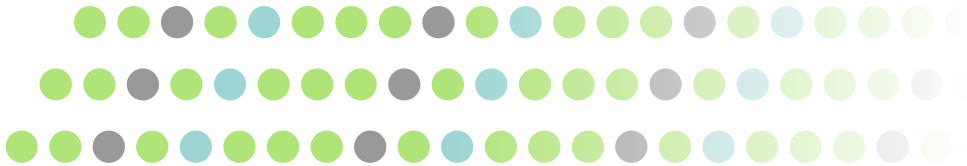
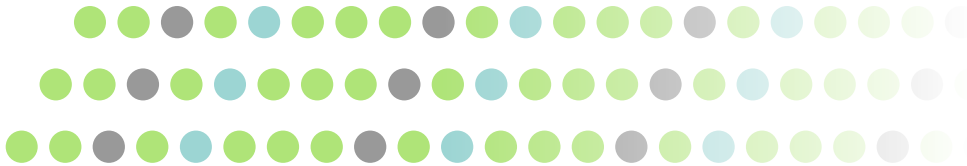
Software Freedom democratizes technology...



What are we overlooking?



If people and companies don't follow the rules does it matter that we have them?



“if you drop outreachy I'll start donating...”

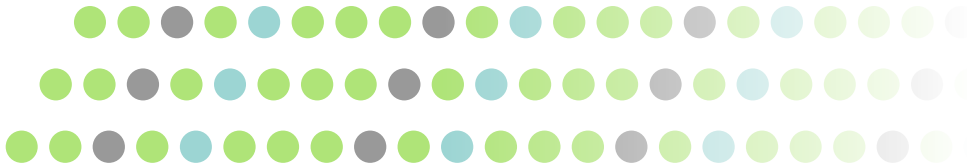
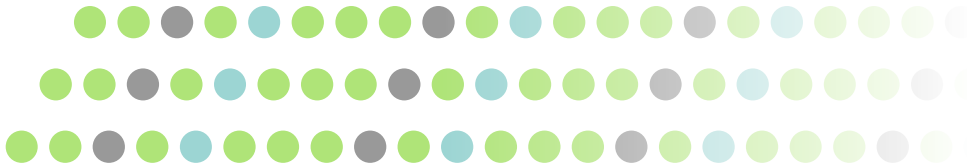
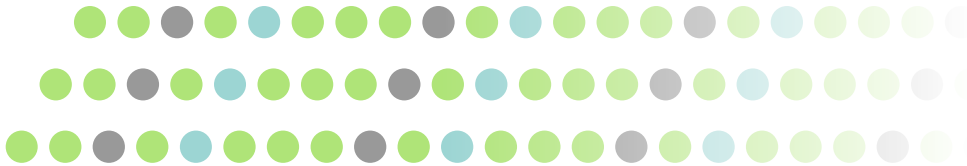
I used to be against diversity programs...



...now I know they are essential



I used to think “open source” was “cool”...



...now I know software freedom is essential

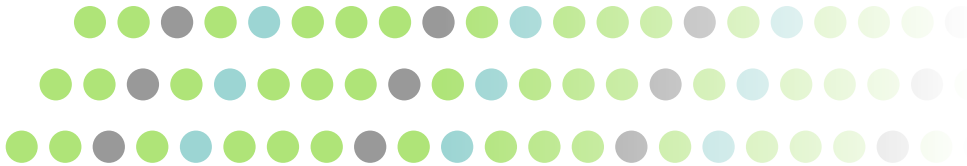
Software freedom is a cornerstone of ethical technology



We need to make sure that software freedom is healthy, supported, inclusive and taken seriously.
