**Thanks to FSF staff  
and volunteers!**

**Cyberpunk**

**“The future is  
already here — it's  
just not very  
evenly  
distributed.”  
William Gibson**

**How do we make  
free software last forever?**

**Wakanda forever!\***

**\*Very minor spoilers ahead**

**Dystopia or utopia?**

"MACHINE CIVILISATION"

What if...

you lost your family  
because they weren't  
backed up? █

# Power & responsibility

**Leave the sandbox**

**Dilute it all.**

**“I don't dance”**

**I super believe in you.**

# Free software's to-do list

**We've already  
done great things**

**There's still  
plenty to do**

# OUTREACHY

**Things no one's  
even thinking about?**

**Find a partner  
and pilot it.**

**We need the  
new people**

**We won't be  
here forever**

**Mentees are not  
here for your crumbs**

**Values > ROI**

**That sounds like  
a lot of work.**

**Roving bands of  
unaffiliated patchers**

**Let's mentor  
in that spirit**

**Treat everyone like  
they belong here**

**Can I help?**

# Free Software on Mars

**The Village already  
has a mission**

**Everyone's mission  
is important to them**

**We may need to meet  
the Village more than halfway**

**We may have to become  
the (alien) armadillo**

**Cyberpunk, alien, armadillo  
resisters.**

**...with cool hair**

**Continue improving  
free software**

**And continue bringing  
it to new places**
